The Borrower’s application was submitted to CSCDA on May 15, 2012. CSCDA has issued bonds for Provident and its subsidiaries in the approximate amount of $37 million over 2 prior transactions.

Project Description:

The Borrower requests that CSCDA issue up to $45,000,000 in tax-exempt student housing revenue bonds for the purpose of financing the acquisition, construction and improvement of student housing facilities located at Western University of Health Sciences (“Western University”) in Pomona, California (the “Project”).

Western University is a non-profit, private, graduate school for the health professions. Founded in 1977 as The College of Osteopathic Medicine of the Pacific, Western University is now one of the largest graduate schools for the health professions in California, serving more than 3,000 students and offering 21 degree programs within nine colleges. The residential units will be leased exclusively to students, faculty and staff of Western University, as well as others participating in university-sponsored activities. Upon retirement of the Bonds, the Ground Lease will terminate and the Project improvements will become the property of Western University.

SUMMARY AND APPROVALS

DATE: JUNE 7, 2012
APPLICANT: SUTTER HEALTH
AMOUNT: UP TO $135 MILLION OF NONPROFIT REVENUE BONDS
PURPOSE: REFINANCE THE CSCDA SERIES 2002B BONDS
PRIMARY ACTIVITY: MEDICAL HOSPITAL
LEGAL STRUCTURE: 501(C)(3) CORPORATION

Background:

Sutter Health (“Sutter”) is a California nonprofit public benefit corporation and parent organization to most organizations in the Sutter Health system. The Sutter system is comprised of Sutter and its affiliated health care organizations. While many Sutter affiliates have a long history, the modern-day Sutter was created through the 1996 merger of Sacramento-based Sutter and Bay Area-based California Healthcare System.

Sutter provides a broad range of health care services through thirty-one acute care facilities, four skilled nursing facilities and two chemical dependency recovery hospitals operating under 27 licenses, with a total of 5,493 licensed beds. Sutter’s affiliated organizations employ approximately 47,000 staff and have relationships with approximately 4,950 physicians serving more than 100 communities throughout Northern California. Sutter is a regional leader in cardiac care, cancer treatment, orthopedics, obstetrics and newborn intensive care, and is a pioneer in advanced patient safety technology.

Sutter’s application was submitted to CSCDA on April 24, 2012. CSCDA has issued bonds for Sutter in the approximate amount of $2 billion over 11 prior transactions.

Sutter is seeking up to $135 million in nonprofit revenue bonds (the “Bonds”) to refinance the CSCDA Series 2002B Bonds (“2002B Bonds”) which financed the construction and equipping of medical facilities at locations in Modesto, Tracy, Vallejo, and Sacramento, California. The refinancing is expected to save Sutter up to 16% of the par amount, or $22 million. Descriptions of the projects are below:

**Modesto:**

The Memorial Hospital Association of Modesto is located at 1700 Coffee Road. The 2002B Bonds funded the construction of a three room self-contained outpatient surgery center in an existing medical office building on the Modesto hospital campus. Additionally, two existing catheterization labs, one MRI machine, and one linear accelerator were replaced.
Tracy:
The Sutter Tracy Community Hospital is located at 1420 N. Tracy Blvd. Ambulatory services, including the construction of additional Emergency Department and Obstetric beds, and the expansion of space for the physical therapy department and surgery department were funded. Additionally, one CT scanner was replaced.

Vallejo:
The Sutter Solano Medical Center is located at 300 Hospital Drive. The Emergency Department was remodeled to satisfy regulatory requirements and infrastructure was upgraded.

Sacramento:
Sutter Medical Center Sacramento is located at 2828 Capitol Avenue. The 2002B Bonds were used to fund a portion of the construction of the Women and Children’s Center.

Agency Approvals:
Bond Counsel has advised that no TEFRA hearing is required for this anticipated refinancing.

Benefit Guidelines for 501(c)(3) Nonprofit Healthcare Facilities

In 1991, CSCDA adopted economic development benefit guidelines based upon the finding that the nonprofit facility promotes economic development within the jurisdiction of a CSCDA Program Participant. Effective March 1, 2006, the CSCDA Commission adopted health care benefit guidelines to be considered in conjunction with the CSCDA economic development guidelines with respect to proposed bond issues for 501(c)(3) nonprofit healthcare facilities.

**Economic Development Benefit***

A significant and growing opportunity for the creation and retention of employment to the California economy and the enhancement of the quality of life of local Program Participant residents;

The facility being a significant factor in the economic development of an area, promoting residential, commercial and industrial development and increasing the tax base; or

The facility providing the educational background and vocational training which is a necessary element to the development and retention of a capable work force.

**Health Care Benefit***

Health care resource – consideration given to quality of life for Program Participant and other area residents for access to quality medical care in general;

Emergency care – consideration given to quality of life for Program Participant and other area residents; whether the health care facility provides 24-hour emergency care to all individuals, regardless of ability to pay;

Facility upgrades and increased patient capacity - consideration given to quality of life for Program Participant patients, health facility employees, physicians and staff for new, improved or expanded medical facilities;

SB1953 compliance - consideration given to quality of life for Program Participant patients, health facility employees, physicians and staff for medical facilities being rehabilitated or constructed in compliance with SB1953 and that provide a safer acute health care environment;

Public health facility assistance - consideration given to quality of life for Program Participant owned or operated public health facilities for healthcare applicants that identify programs, contracts or practices where facilities link with or otherwise assist or ease the burden on area public health facilities;

Community outreach – consideration given to quality of life for Program Participant residents from efforts of health facility physicians and staff (such as free health screenings, immunizations for the elderly and disadvantaged, toy drives, holiday events, etc.);
Research – consideration given to medical advancements by way of research that benefit Program Participant residents and others;

Medi-Cal and Medicare acceptance - consideration given to quality of life for Program Participant residents for health care providers that serve Medi-Cal and / or Medicare patients; special consideration should be given to disproportionate share hospitals (a government measure for how much care hospitals provide to designated low-income patients);

Non-reimbursed community benefit costs for the poor and the broader community - consideration given to quality of life for Program Participant and other area residents that include:

  a. Charity care and uncompensated care
  b. Unpaid cost of Medi-Cal services
  c. Unpaid cost of Medicare services
  d. Education
  e. Research
  f. Low or negative margin services
  g. Nonbilled services
  h. Cash and in-kind donations
  i. Other benefits to the poor or broader community, as defined by the applicant

* Although any one of these listed benefits may demonstrate a clear public benefit, the absence of other benefits does not mean that there is a lack of public benefit associated with a project. There may be other benefits not listed which can also be considered to demonstrate public benefit.

Effective March 1, 2006.

c. Oak Center Homes Partners, L.P. (Oak Center Homes Apartments), City of Oakland, County of Alameda; up to $15 million in multi-family housing debt obligations.
Background:

The proposed project, Oak Center Homes Apartments (the “Project”), is an 89-unit property located in Oakland, California. The Project application was filed on October 27, 2011 and induced on November 9, 2011.

Summary:

Oak Center Homes Partners, L.P. (the “Borrower”) has requested CSCDA to issue and deliver multifamily housing revenue obligations in the anticipated principal amount of $15,000,000 (the “Bonds”) for the purpose of financing the acquisition and rehabilitation of the Project. The Project will provide 11 one-bedroom units, 38 two-bedroom units, 33 three-bedroom units, 6 four-bedroom units, and 1 five-bedroom unit to low-income families in Oakland. The Project has an existing HUD-subsidized project based Section 8 contract that will be renewed to preserve the restricted rents for residents.

The Project consists of 41 buildings, the majority of which are two-three story Victorian homes. Most have spacious courtyards or backyards with front yards and laundry machines. All residents have access to the central community building which houses the management office.

Unit amenities include yards/patios/balconies, full kitchens, window coverings, and appliances. Unit upgrades will include: drywall and plaster repair, painting, floor replacement, plumbing repairs, efficient lighting fixtures and water efficiency replacements, and new appliances, kitchen sinks, windows and blinds. Bathroom improvements will include vanity replacement, shower repairs, and new toilets, sinks and faucets. New roofs will be installed and HVAC and electrical repairs will be made across the Project. Landscape improvements and repairs to fences and gates will also be made.

Construction is expected to begin in July, 2012 and be completed by January, 2014.

It is the policy of the California Statewide Communities Development Authority (the "Authority") to consider favorably the issuance of bonds, notes or other evidences of indebtedness (the "Bonds") for the financing or refinancing of higher educational facilities to be utilized by a non-profit organization (the "Applicant") provided that the Applicant does not discriminate on the basis of a student or teacher’s national or ethnic origin, disability, race, creed, color, sexual preference or religion in the administration of its admission or hiring policies. Additionally, per the CSCDA General Guidelines the Applicant must demonstrate that the community will receive a public benefit as a result of the financing or refinancing of the Applicant's facilities.

The requirements as listed above will apply to the financing or refinancing of facilities that will be used for higher educational facilities. The Authority will consider each request for approval of projects not adhering to the Authority's requirements as described above on a case-by-case basis.

The Authority may review the requirements as listed above from time to time and at such time will make any modifications to such requirements as the Authority deems appropriate.
