Item VI

Discuss and approve proposed revision to the CSCDA issuance policies relating to the placement of non-rated securities within a professional investment management firm for Western University.
SUMMARY AND RECOMMENDATIONS

REQUEST: DISCUSS AND APPROVE PROPOSED REVISION TO CSCDA'S ISSUANCE POLICIES RELATING TO THE PLACEMENT OF NON-RATED SECURITIES WITHIN A PROFESSIONAL INVESTMENT MANAGEMENT FIRM

PURPOSE: PROVIDE GREATER FLEXIBILITY AND PRICING TO UNDERWRITERS AND BORROWERS

DATE: OCTOBER 11, 2012

Background:

Throughout CSCDA’s history, the Commission and staff have looked at ways to enhance CSCDA’s issuance policies to align borrowers’ and underwriters’ needs in the sale of rated and non-rated securities while ensuring prospective bondholders are equipped to assess the risks involved. As a result, CSCDA enforces limited sale restrictions for securities rated “BBB-” or better but restricts the sale of CSCDA securities rated less than “BBB-” or non-rated to (1) qualified institutional buyers in minimum denominations of $25,000, or (2) accredited investors willing to execute a traveling investor letter in minimum denominations of $100,000.

Recently, staff was approached by Southwest Securities (“SWS”), the underwriter for the Western University of Health Sciences Student Housing Revenue Bonds, Series B (University Village). There are two series of bonds to be issued for the student housing project, Series A (Senior Lien) and the Series B (Subordinate Lien). SWS has identified an investor for the Series B bonds to be placed as a limited public offering. The investor, RPM Capital Management LLC (“RPM”) has requested that SWS approach CSCDA regarding the possibility of lessening the CSCDA denomination requirement for securities sold only to RPM clients. Moreover, RPM is requesting an ability to execute a master traveling investor letter on behalf of all RPM clients for which it holds power of attorney status.

This item was continued from the September 27, 2012 CSCDA Meeting.

About RPM Capital Management LLC:

RPM is a privately owned registered investment advisor located in Greenwich, Connecticut. RPM specializes in the analysis, acquisition, and management of high yield, tax advantaged securities. RPM’s experience, strategy, and methodology allow RPM to provide its clients with higher yielding securities while substantially minimizing the risk associated with the ownership of such securities. RPM believes in the compounding of income to preserve and create wealth.

RPM’s Chief Investment Officer has decades of success in the management of high yield, not-rated tax exempt bonds and targets industry sectors in which RPM possesses a great deal of institutional knowledge and history, including continuing care facilities, educational facilities and housing facilities.
The RPM team have decades of success in the high yield tax-exempt space with no late payment or defaults over the last 15 years, including origination, due diligence, and structuring in excess of $300 million.

RPM’s Chief Credit Officer was the Chief Credit Officer and General Counsel to an investment management firm known as Greenwich Investment Management (“GIM”), which purchased the CSCDA bond issues for the Sonoma Country Day School and the CSCDA obligations for the Airport Facilities at the City of Hayward. CSCDA was approached back in November, 2009 with the same request to lower the denominations and to allow the firm to provide a master traveling letter for GIM clients, and such request was approved by the Commission on November 24, 2009.

Discussion:

SWS and RPM have approached CSCDA staff regarding the opportunity to purchase (1) the CSCDA Western University Student Housing Revenue Series B Bonds that were approved by the Commission on June 7, 2012. The bonds will be issued on behalf of the Provident Group, a qualified 501(c)(3) corporation.

As a consideration to purchasing the CSCDA bonds, RPM has requested a revision to the CSCDA issuance policy to allow for greater flexibility in subscribing interest from its numerous high net worth investor clients. Current CSCDA issuance policies would require each RPM accredited investor to (1) purchase CSCDA bonds in minimum denominations of $100,000, and (2) execute a traveling investor letter.

RPM has requested flexibility in the CSCDA policy to allow RPM an ability to (1) allocate CSCDA bonds in minimum denominations of $25,000 to RPM investor clients, and (2) execute one stand alone traveling investor letter on behalf of its accredited investor clients for which RPM has been assigned power of attorney.

Recommendation:

Based on RPM Capital Management’s investment strategy and experience in the purchase of non-rated tax-exempt bonds on behalf its sophisticated investor clients, CSCDA staff, in consultation with Orrick, Herrington & Sutcliffe, is recommending the following:

- CSCDA will allow for the allocation of its non-rated debt obligations in minimum denominations of $25,000 to investor clients of RPM
- CSCDA will allow for the stand alone execution of a traveling investor letter by RPM on behalf of its accredited investor clients for which RPM has been assigned power of attorney
- To the extent RPM or any of its investor clients looks to sell or transfer all or a portion of its CSCDA debt obligation holdings, CSCDA will require RPM and its investor clients to adhere to the current CSCDA transfer restrictions, including (1) the sale to qualified institutional buyers in minimum denominations of $25,000, and / or (2) the sale to accredited investors in minimum denominations of $100,000 along with a traveling investor letter.
Item VII

Discus and approve HB Capital Contract Amendment.
MEMORANDUM

TO: Chair and Members of the CSCDA Commission
FROM: Greg Stepanicich, General Counsel
DATE: September 30, 2012
SUBJECT: Consideration of Proposed Fifth Amendment to HB Capital Contract

Background. On August 23, 2012, the California State Auditor issued its report on Conduit Bond Issuers, including CSCDA. In its report, the State Auditor recommended the following two amendments to the contract between CSCDA and HB Capital Resources, Ltd. (“HB Capital”):

- “To be better informed about the compensation of their consultants, including any potential conflicts of interest, California Communities and Municipal Finance should require the consulting firms that staff their organizations to disclose the amount and structure of compensation provided to individual consultants, including disclosing whether any of this compensation is tied to the volume of bond sales.”

- “As suggested by the GFOA guidance, California Communities and Municipal Finance should include provisions in their contracts prohibiting consultants from engaging in activities on behalf of the issuers that produce a direct or indirect financial gain to the consultants, other than the agreed upon compensation, without the issuer’s informed consent.”

Discussion. Government Code Section 8546.2 requires the State Auditor to request any local governmental agency that is the subject of an audit to provide updates on its progress in implementing the recommendations of the State Auditor. The State Auditor has requested that the Authority provide a 60 day update on its progress in implementing the State Audit recommendations.

The Chair and Vice-Chair of the Commission have served as an ad hoc committee of the Commission on the State Audit (“Audit Committee”) to assist staff in responding to the findings and recommendations of the State Auditor. In consultation with the Audit Committee, I have prepared a Fifth Amendment to the contract between the Authority and HB Capital to address the two recommendations from the State Auditor concerning the HB Capital contract. The proposed amendment is attached to this report and has been approved by HB Capital.
The proposed Fifth Amendment adds a new subparagraph 2.5 to paragraph 2 relating to compensation of HB Capital and states as follows:

2.5 Compensation of Program Manager Employees. Program Manager shall not compensate any of its employees providing services directly or indirectly to the Authority on a commission basis or pursuant to any other method of compensation that is based on the dollar amount or volume of bonds issued by the Authority.

The Fifth Amendment also adds a new subparagraph 2.6 to paragraph 2 that states as follows:

2.6 Additional Compensation Related to Bond Transactions. Except for the compensation authorized by this Agreement, Program Manager shall not receive any additional compensation, payment or other financial benefit from any person in connection with the issuance of bonds by the Authority.

The addition of subsection 2.5 ensures that HB Capital does not compensate its employees working on Authority matters on a commission basis or pursuant to any other method of compensation that is based on the dollar amount or volume of bond issuances. We are informed by HB Capital that this amendment reflects the past and current compensation policies and practices of HB Capital.

The Audit Committee considered the related recommendation that HB Capital be required by contract to disclose the amount of compensation paid to each of its employees. The Audit Committee concluded that this recommendation was neither necessary nor appropriate. There is a strong public interest in knowing the amount of compensation paid by the Authority to its consultants and vendors. However, HB Capital is a private firm that has the right to decide how much to pay its employees. The amount of compensation paid to each of its employees does not affect the amount of compensation paid by the Authority to HB Capital under the contract.

We are not aware of any examples where private consultants hired by local government agencies are required to disclose how much they pay their employees. Further, the employees of HB Capital perform services for multiple programs and entities other than the Authority. The total compensation paid to individual employees of HB Capital would not necessarily reflect the portion of their compensation attributable to services provided to the Authority. In addition, HB Capital’s program managers complete and file with the Authority each year FPPC Form 700. This financial disclosure form requires the reporting of any economic interests of these
employees that possibly could conflict with the performance of their duties. The Form 700 also requires these employees to disclose whether their income from HB Capital exceeds certain thresholds specified by this form.

The proposed amendment adding subparagraph 2.5 to the HB Capital contract ensures that HB Capital is not paying its employees in a manner that could affect their judgment in reviewing bond transactions. There does not seem to be any basis for concluding that the amount of money paid by HB Capital to each of its employees (compared to the method by which these employees are paid) affects the recommendations made by its employees.

The second amendment, adding subparagraph 2.6, is stricter than the recommendation by the State Auditor. It provides an absolute prohibition on HB Capital receiving any additional compensation other than that expressly provided in the contract. The State Auditor’s recommendation would permit such additional compensation with the informed consent of the Commission. We are informed by HB Capital that this amendment reflects the past and current practices of HB Capital.

Recommendation. Approve the Fifth Amendment to the contract between the Authority and HB Capital as set forth in the attached contract amendment and authorize the Chair to execute such amendment on behalf of the Commission.
