MEMORANDUM

TO: Commissioners
CC: Catherine Barna, Executive Director
FROM: Trisha Ortiz, General Counsel
DATE: October 1, 2021
SUBJECT: Assembly Bill 361 – New Legislation Regarding Public Meetings and Teleconferencing

Executive Summary

On October 7, 2021, the California Statewide Communities Development Authority, the CSCDA Community Improvement Authority, and the California Statewide Communities Development Corporation are each holding a special meeting to consider a resolution making determinations that will allow them to hold meetings via videoconference pursuant to AB 361.

AB 361

On September 16, 2021 Governor Newsom signed AB 361 amending the Brown Act to allow local agencies to meet remotely during declared emergencies under certain conditions. AB 361 builds upon Executive Order (“EO”) N-29-20, issued by the Governor on March 17, 2020, which relaxed the teleconferencing requirements of the Brown Act to facilitate virtual meetings during the COVID-19 declared emergency.

AB 361 authorizes local agencies to continue meeting remotely without following the Brown Act’s standard teleconferencing provisions, including the requirement that meetings be conducted in physical locations, under specified conditions. Namely, the meeting is held during a state of emergency proclaimed by the Governor and either of the following applies: (1) state or local officials have imposed or recommended measures to promote social distancing; or (2) the agency has already determined or is determining whether, as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees.
AB 361 also adds new procedures and clarifies the requirements for conducting remote meetings as follows:

- **Public Comment Opportunities in Real Time**: A legislative body that meets remotely pursuant to AB 361 must allow members of the public to access the meeting via a call-in option or an internet-based service option, and the agenda for the remote meeting must provide an opportunity for members of the public to directly address the body in real time. Although the agency may still ask for public comments to be submitted in advance, the agency cannot require public comments to be submitted in advance of the meeting. Agencies may not close a public comment period until members of the public are given the opportunity to register and the time for that comment period has elapsed, whether it is for a specific agenda item or a general comment period. If an agency does not provide a timed public comment period, but takes public comment separately on each agenda item, it must allow a reasonable amount of time per agenda item to allow members of the public the opportunity to provide public comment, including time to register or “otherwise be recognized for the purpose of providing public comment.”

- **No Action During Disruptions**: In the event of a disruption that prevents the local agency from broadcasting the remote meeting, or in the event of a disruption within the local agency’s control that prevents members of the public from offering public comments using the call-in option or internet-based service option, AB 361 prohibits the legislative body from taking any further action on items appearing on the meeting agenda until public access to the meeting via the call-in or internet-based options is restored.

- **Periodic Findings**: To continue meeting remotely pursuant to AB 361, an agency must make periodic findings that: (1) the body has reconsidered the circumstances of the declared emergency; and (2) the emergency impacts the ability of the body’s members to meet safely in person, or state or local officials continue to impose or recommend measures to promote social distancing. These findings should be made not later than 30 days after teleconferencing for the first time pursuant to AB 361, and every 30 days thereafter.

**Public Health and Safety Considerations**

On March 4, 2020, Governor Newsom declared a State of Emergency in response to the COVID-19 pandemic (the “Emergency”). Also, the Centers for Disease Control and Prevention continue to advise that COVID-19 spreads more easily indoors than outdoors and that people are more likely to be exposed to COVID-19 when they are closer than 6 feet apart from others for longer periods of time. Due to the ongoing COVID-19 pandemic and the need to promote social distancing to reduce the likelihood of exposure to COVID-19, Staff recommends continuing
teleconference meetings pursuant to Government Code Section 54953(e). Therefore, the proposed resolutions determine that as a result of the Emergency, meeting in person presents imminent risks to the health or safety of attendees and that meetings will be held via teleconferencing.

Agenda Item No. 5a

Agenda Report

DATE: October 7, 2021
TO: CSCDA COMMISSIONERS
FROM: Cathy Barna, Executive Director
PROJECT: Hebrew Home for Aged Disabled d/b/a San Francisco Campus for Jewish Living
PURPOSE: Authorize the Issuance of Bonds for the Construction, Renovation, Improvement, Equipping and Furnishing of Continuing Care Retirement Facilities located in the City and County of San Francisco
AMOUNT: Not to Exceed $35,000,000

EXECUTIVE SUMMARY:

Hebrew Home for Aged Disabled d/b/a San Francisco Campus for Jewish Living, a 501c3 nonprofit organization ("SFCJL"), has requested that CSCDA issue revenue bonds in an amount not to exceed $35,000,000 (the "Bonds") for the construction, renovation, improvement, equipping and furnishing of continuing care retirement facilities located in San Francisco, California.

PROJECT ANALYSIS:

About SFCJL:

SFCJL serves approximately 1,800 patients and residents each year on its nine-acre campus. Non-residential care is offered through its short-term and rehabilitation services unit for patients who require geriatric-specialized, interdisciplinary rehabilitation to recover from surgery or an acute illness, and through its acute geriatric psychiatry hospital. SFCJL is affiliated with the University of California, San Francisco for teaching and research. Admission to SFCJL is not limited by religious or cultural affiliation. As a U.S. Centers for Medicare & Medicaid Services five-star rated facility and with a complement of over 650 compassionate, experienced clinical and allied health personnel, SFCJL provides seniors with a variety of life-enriching healthcare programs and services in a welcoming, stimulating environment.

About the Project:

In November, 2016, CSCDA issued $135,920,000 in tax-exempt bonds for SFCJL to construct a 265,000 square foot new campus at the site of its existing facilities in the Excelsior District of San
Francisco (the “Project”). The new buildings house a facility for 190 licensed residential care units for the elderly, comprised of 113 assisted living units and 77 memory care units. The Project was originally estimated to cost $138 million, including construction and soft costs, and was originally expected to be available for occupancy by October 2018. In addition to the 2016 CSCDA Bonds, the Project financing included $45.4 million of “Capital Campaign Bonds” that were to be repaid by November, 2021 from fundraising.

Numerous obstacles and challenges were encountered, including difficulties in obtaining Office of Statewide Health Planning and Development permits, the necessity of changing contractors several months into construction, unanticipated conditions that became evident as construction proceeded, and most recently, working in the COVID-19 environment. The Project was completed essentially as originally envisioned, and it opened for occupancy in September 2020. Fill-up of the facility is currently proceeding more slowly than originally projected due to the COVID environment, although management expects that as COVID-related restrictions ease, the fill-up rate will improve. The fundraising campaign was successful and SFCJL expects to repay the full $45.4 million of Capital Campaign Bonds by November 1, 2021.

With the delays and required modifications to construction plans, the Project cost $38 million more than originally anticipated. SFCJL has paid these costs by spending its cash reserves and by obtaining a grant and an interim loan from the Foundation. The intent at this time is to borrow $35 million in order to reimburse SFCJL for the additional construction costs.

Public Agency Approval:

TEFRA Approval: August 16, 2021 – Hearing
October 8, 2021 – Board Approval. CSCDA approval will be subject to final approval by the San Francisco Board of Supervisors.

Public Benefit:

- The Jewish Home has a charitable care policy that provides financial assistance to older adults who have depleted their resources. Through diligent fundraising efforts, the Jewish Home has been able to provide excellent care and services for all its residents by supplementing the cost of care at various levels when needed.
- The Jewish Home serves the most medically/cognitively frail, as well as financially indigent elders (95 percent of Jewish Home residents are indigent and/or Medi-Cal recipients who do not pay the full cost of care), with an average age of 85.
- The Jewish Home regularly opens its doors to civic causes, professional organizations and community groups, offering them free meeting space, continuing education credits when appropriate, refreshments or more elaborate fare.
- The Jewish Home is a mid-size employer in the city of San Francisco and provides employment to almost 700 employees each year, ranging from skilled labor to executive-level positions. The average length of tenure is 8.4 years of service.
• The Jewish Home is one of the only enterprises in 14 Bay Area counties that ensures the emotional and mental health of seniors through its on-site acute geriatric psychiatry hospital.

• The Jewish Home partners with local high schools that aim to involve youth in their community by encouraging them to fulfill needs in their respective milieus. During this past fiscal year, students from Abraham Lincoln High School, Archbishop Riordan High School, Mercy High School, Lowell High School, Phillip & Sala Burton High School, and Saint Ignatius completed their community service requirements at the Home.

• Over the past 45 years, the Jewish Home has partnered with San Francisco City College in offering several adult education classes to the general community.

PROJECT: Montage Health
PURPOSE: Authorize the Issuance of Bonds for the Construction, Equipping and Furnishing of Healthcare Facilities and to Refund Existing Bonds located in the County of Monterey
AMOUNT: Not to Exceed $165,000,000

EXECUTIVE SUMMARY:

Montage Health, a 501c3 nonprofit organization (“Montage”), has requested that CSCDA issue revenue bonds in an amount not to exceed $165,000,000 (the “Bonds”) for the construction, equipping and furnishing of healthcare facilities, and to refund existing bonds located in the County of Monterey. This will be Montage’s sixth financing with CSCDA.

PROJECT ANALYSIS:

About Montage:

Montage owns and operates a 258 licensed-bed acute care hospital (the “Hospital”) located in the Carmel Hill area of the Monterey Peninsula in Northern California. Montage also owns and operates Westland House, a 28-bed skilled nursing and hospice facility, and an outpatient hospice facility located in Monterey, California as well as provides outpatient healthcare services at various outpatient facilities throughout Monterey County.

- Montage is the market leader for acute-care services in its service area, identified as the Monterey Peninsula, which includes the communities of Seaside, Monterey, Carmel Valley, Pacific Grove, Marina, Pebble Beach, Sand City, Del Rey Oaks and Big Sur.
- Approximately 80% of Montage’s patients come from its primary service area.
• The Hospital is located in the Carmel Hill area of the Monterey Peninsula in the City of Monterey.

• The Hospital has been at its present site since 1962 and has undergone several expansion projects over the years, increasing its bed capacity from 100 to 258 beds.

• Montage provides a comprehensive range of generalized and specialized healthcare services at the Hospital, including intensive and acute care services, newborn care services, chemical dependency detoxification and rehabilitation services, psychiatric services, obstetric services, surgery services, laboratory services, diagnostic imaging services, diagnostic/therapeutic services, renal dialysis, clinical services, ambulatory services, community outreach and educational programs, social work services and emergency services.

• Montage also provides outpatient healthcare services, including basic emergency, respiratory care, radiation therapy, physical therapy and nuclear medicine at various outpatient service clinics throughout Monterey County, and is licensed to provide skilled nursing and inpatient and outpatient hospice services through the Westland House.

About the Project:

New Construction: Montage intends to finance the construction of the Ohana Center, a 55,600 square-foot child and adolescent behavioral health facility, totaling approximately $60 million.

Current Refunding of Series 2017A Bonds: The bonds were originally issued to fund Electronic Medical Records (EMR) implementation.

Current Refunding of Series 2017B Bonds and termination of associated interest rate swap: The 2017B bonds refinanced the 2011B bonds. Series 2011B was originally issued to finance and refinance certain capital expenditures at the health care and related facilities of the Hospital and its affiliates, refund the Series 2003A bonds. In addition to refunding the Series 2017B bonds, the 2021 financing will terminate the interest rate swap associated with the 2017B bonds.

Public Agency Approval:

TEFRA Approval: September 21, 2021 – Unanimous approval by the Monterey County Board of Supervisors.

Public Benefit:

• The board approved mission statement gives emphasis to commitment to the community and its vulnerable populations. Montage’s guiding principles and vision statement also emphasize commitment to community service by stressing community collaboration,
hospital leadership, and quality healthcare services. The mission, vision, and guiding principles are the basis for all Montage’s community benefit program decisions.

- Benefits for the indigent include services provided to persons who cannot afford healthcare because of inadequate resources or who are uninsured. This includes traditional charity care, at cost, and the unpaid costs of treating Medi-Cal beneficiaries in excess of government payments.

- Benefits for the broader community include services provided to other needy populations that may not qualify as indigent but that need special services and support. This also includes the unpaid cost of treating Medicare beneficiaries in excess of government payments. Examples include the elderly, substance abusers, victims of child abuse, cancer patients, and persons with AIDS.

- In addition, Montage provides family counseling, group therapy, and free educational lectures for the community.

- Education and wellness programs include the unpaid cost of training health professionals, such as radiology technology and rehabilitation therapy students, firefighters, paramedics, and emergency medical training students. Also included are the costs of educational classes and support groups provided to the community at no charge or for a nominal fee.

- Educational subjects include Alzheimer’s, arthritis, bereavement, cancer, chronic pain, diabetes, mood management, smoking cessation, substance abuse and weight loss surgery.

- Other community benefits include financial support to other health care organizations such as the Seaside Family Health Center and the Monterey County Health Clinic at Marina.

- Community benefit cost would equate to approximately 29% and 30% of Montage’s total operating expenses for the years ended December 31, 2020 and 2019, respectively.

PROJECT: Redwood Gardens Apartments

PURPOSE: Approve the Financing of Rental Affordable Housing Project Located in the City of Berkeley, County of Alameda

AMOUNT: Not to Exceed $40,000,000

EXECUTIVE SUMMARY:

Redwood Gardens Apartments (the “Project”) is an acquisition and rehabilitation of 169 units of rental affordable housing located in the City of Berkeley. 100% of the units will remain rent restricted for low-income residents.

PROJECT DESCRIPTION:

- Acquisition and rehabilitation of a 169-unit affordable rental housing facility located at 2951 Darby Street in the City of Berkeley.
- Four one, two and three-story residential buildings, community room, courtyard, library and laundry facilities.
- Consists of 42 studios, 126 one-bedroom units, and one manager unit.

CSCDA adopted a preliminary inducement resolution relating to Redwood Gardens in May 2020, and the sponsor purchased the property in November 2020 with the intention of renovating the project using tax-exempt bonds issued by CSCDA. While the project did not receive an allocation of volume cap from CDLAC, the California Housing Finance Agency (CalHFA) has “recycled” bond volume cap available in accordance with Internal Revenue Code Section 146(i) that CalHFA has agreed to allocate to the project. CalHFA has agreed to issue tax-exempt bonds for this purpose and to allocate the proceeds of its tax-exempt bonds to costs of acquiring and rehabilitating Redwood Gardens. Because the project has already been acquired and CSCDA adopted the inducement resolution for the project, it is necessary for tax purposes to have CSCDA issue taxable bonds that will be purchased by CalHFA with the proceeds of its tax-exempt bonds. CSCDA’s bonds will be held at all times by CalHFA and will not be sold or transferred; they will be issued only to satisfy tax law requirements.
PROJECT ANALYSIS:

Background on Applicant:

The National Foundation for Affordable Housing (the “Foundation”) was organized in 1990 and since its inception recognized the tax implications being faced by general partners and limited partners in the multifamily industry. The Foundation has been able to structure creative transactions for current owners seeking exit strategies. Since 1991, the Foundation has been integrally involved in the recapitalization and preservation of over 50,000 units of multifamily housing with transaction values totaling in excess of $2.5 billion. The Foundation, through its 509(a)(3) supporting organizations, has acquired a portfolio of properties in Alabama, Delaware, Illinois, Maryland, Minnesota, New Jersey, Pennsylvania, Virginia, Tennessee and Washington, DC with additional focus now on target markets in California, Kentucky, New York, Oregon, Texas, Washington and West Virginia. This will be the Foundation’s fourth financing with CSCDA.
